

January 2020 : Bonnie Walker, RC Bairnsdale, being interviewed by WIN TV regarding the arrival of the first load of the donation of 320 bales of hay from Lilydale Rotary, sourced via Brendon Hallot and Melbourne Water. A big big thank you to Brendon Hallot and Melbourne Water for organising the cutting and transport of hay, post the devastating January bushfires in the East Gippsland area. This donation based upon current day prices including transport via 7 semi-trailer loads, equates to over \$40,000.00, the biggest single donation that Lilydale Rotary has received to help our drought and bushfire affected farmers.
